

Fortunate Local Dividend PSP (ZAR)

As of 2026/04/30

Investment Objective

The primary aim of the Fortunate Local Dividend Portfolio is to offer investors a dependable and steady income stream through dividends. This portfolio is strategically diversified and focuses on investing in well-established, reputable companies known for their consistent dividend payouts. The priority is to select companies demonstrating continual dividend growth, signifying robust financial stability and a dedication to rewarding shareholders.

The risk and return objectives of this portfolio may vary, given its active management approach. The portfolio dynamically reallocates assets across local equities in response to evolving economic and market conditions, aiming to maximize overall returns.

Please Note: The Information regarding fund set up and performance has been backdated. The Fortunate Local Dividend Portfolio will only become active in December 2023.

In the event that specific collective investment schemes in securities (unit trusts) are mentioned please refer to the relevant fact sheet in order to obtain all the necessary information in regard to that unit trust.

Collective Investment Schemes in Securities (CIS) are generally medium to long-term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available on request from the company/scheme. Commission and incentives may be paid and if so, would be included in the overall costs. Forward pricing is used.
