Investment Objective

The Fortunate Balanced Portfolio is set up to provide investors the opportunity for higher risk longer-term growth through diversification of different asset classes. The portfolio is set in accordance with Regulation 28 which allows for a maximum of only 45% of the Fund to be invested abroad.

The investment objective of the Portfolio is to obtain long term capital growth at moderate risk levels. The investment objective will be achieved by a diversified spread of investments similar to that usually employed by retirement funds. The Fund will invest in in a range of equities, bonds, money market instruments, fixed interest securities or property.
